

Welcome Message

Jack Bosma

Head of the Product Assurance & Safety Department

(ESA TEC-Q)

EAS Workshop – Welcome

- ☛ Participants: ESA, European National Space Agencies, Industry, CPPA, Primes
- ☛ More than 26 external companies
- ☛ 5 different points of view: ESA, CNES, Industry, Primes, CPPA
- ☛ 2nd Alert Workshop in ESA history (1st in 1999)

EAS Workshop – Aims

- ☛ To recall ESA Alert System objectives;
- ☛ To present the result of the EAS survey and the intended improvements;
- ☛ To present the new EAS Tool;
- ☛ To share the experience acquired by ESA projects and other partners on Alert management and exploitation;
- ☛ To stimulate detailed feedback from industry, for further improvement of the Alert system;
- ☛ To involve more closely the European industries and national agencies in the exchange and sharing of knowledge on alerts;
